

Willamette Valley Miners' Purpose

Bring together the efforts of men and women who desire to keep alive the spirit and preserve the rights and privileges of all miners and prospectors by educating, encouraging small-scale mining and helping to establish a positive image of today's mineral prospectors and miners.

The association accomplishes its purpose through a membership that gathers for a combination of group fun, sharing of knowledge while supporting one another in the pursuit of personal enrichment of precious metals and valued minerals and/or gemstones.

Willamette Valley Miners claim locations
